Here's how it works

- Once you authorize Direct Deposit, LACERA will automatically deposit your money to your specified account on the last business day of each month. Your money is available to access that same day. An automatic deposit receipt, showing amount deposited and any deductions, is mailed directly to you.

Changes are easy to make

- If you want your money to go to a different financial institution, or into another account, call LACERA and request another Direct Deposit Authorization form.
- If you move or change your mailing address, or if you want to stop using Direct Deposit, just notify LACERA in writing.

How to begin Direct Deposit or make changes

- Complete this authorization form including information about your financial institution and to what account you want your money deposited (i.e., checking or savings). If you receive more than one check you may request Direct Deposit into one account, separate accounts, or even to different financial institutions.
- To Direct Deposit to a checking account, attach a VOIDED check from your account; for a savings account Direct Deposit, call your bank for the *routing number* and insert it on the form.
- Sign, then detach form and mail it back to LACERA. Within thirty days you will receive a prenotification form requesting you to confirm

your account information. *If there are any errors, please notify LACERA immediately.* Otherwise look forward to receiving your first Direct Deposit on the last business day of the following month. Until Direct Deposit becomes effective you will receive your checks at home.

- You MUST keep your current account open to ensure uninterrupted Direct Deposit when changing accounts or financial institutions. Check the Yes box where the * appears to authorize continued Direct Deposit to your current account until your change request is completely processed and your first deposit has been credited to your new account.
